

# PICKING, IDENTIFYING, PRIORITIZING AND SORTING

— *BE VERSATILE*

**RevealPrint**<sup>®</sup> direct thermal label technology allows you to highlight variable data in color, providing you with the ability to **prioritize, differentiate** or **consolidate** your products and processes

**VIRTUAL  
GRAPHICS**

L L C —

**Up to 8 colors per label | BPA, BPS & Leuco Dye free**  
**Fade resistant | Better scuff resistance**  
**Requires no ink or ribbons**

Let's discuss how **RevealPrint®** color label technology can deliver operational savings and improved productivity
